

Volunteering

It was lovely to be able to give back to a group that had helped me so much. Volunteering has given me the confidence to support others with something I had struggled with myself.

Having not worked for 8 years, I was anxious about applying for jobs. Volunteering showed me that I was valuable in the work-place.

Thank you so much for all the support from everyone at the children's centres - everyone is so kind and have helped me so much.

Becoming a youth worker with The RISE has single-handedly been one of the reasons of where I am today. With the help you provided I learnt a lot about safeguarding, county lines, how schools in the area help with youth and also what is going on in teenagers lives. Because of this, it has allowed me to confidently apply for a Teaching Assistant Role for Special Education Needs Pupil in a secondary School and I was successful.

I love RISE and volunteering for you and I want to help more. I'm so thankful for the training you have given me. Doing the PGL training has increased my confidence and I am really proud of myself.
